About College

Index Nursing college, Indore (M.P.) was established under the aegis of Mayank Welfare Society in September 2007. The college has successfully completed 17 years of its existence with the vision of transformation of society by educating both girls and boys and the mission to be a leading edge nursing educational institution devoted to prepare post-graduate, under graduate and diploma nurses to provide multidisciplinary and integrated health services to clients globally. Index Nursing College is a constituent unit of Malwanchal Unit University, Indore (M.P.) since 2015.

Overview of Topic

Sickle cell disease (SCD) is a serious, inherited condition affecting the blood and various organs in the body. It not only cause anemia but also pain crises, reduced growth and affects many organs like lungs, heart, kidney, eyes, bones and brain. Treatment started early in life, can prevent complications. So, early diagnosis and specialist treatment are advised for SCD. It is vital to improve care of all sickle cell disease patient for their better future to lower the prevalence of disease through awareness and change of practices.

Objectives

This Conference is intended to:

- Define Sickle Cell Disease and its components
- Describe Clinical manifestations and lab Investigations of Sickle Cell Disease
- Discuss Strategies for treatment and Life threatening complications of Sickle Cell Disease
- Describe Mental Health and Sickle Cell Disease
- Explain Nurses role in care of patient with Sickle Cell Disease
